Why do we need INCO for
Trust?

Trust around the World ?

What do we need ?

How to build a World Wide Trust Model?

Several powerful trust models exist

Use mathematical models

Build a Multi-Cultural Trust model

Multi-cultural models not specific to trust exist

Extend existing trust models+ integrate multi-cultural models

How INCO ca help?

Cover various regions in the world (India, China, South America, South Africa,...)

Collaboration between Trust experts from different cultures /Int. Workshops/WGs

How to best move forward !

**INCO for trust
taking into account cultural
differences
to provide a multi-cultural trust
model that can be used by the
different cultures**

**We need you all to provide this
multi-cultural trust model !**
